In our report last year we mentioned our most difficult problems were the careless use of books, neglect to return books on time and non-payment of fines.

We are pleased to say that this year the fines have been more dutifully considered. We regret to say there is great need of improvement in the care and prompt return of books.

The circulation of the library has materially increased. This circulation has been augmented by books borrowed from the State Library and the Public Library Commission, books which it is not always advisable for us to buy.

There are ways in which the library work can be broadened and made more efficient. We intend to work towards their accomplishment.

REPORT OF SUPERINTENDENT OF SCHOOLS

Hudson, N. H., February 1, 1937.

*To the School Board and Citizens of the Town
of Merrimack:*

Following is my seventh annual report as Superintendent of your schools:

ENROLLMENT JANUARY 4, 1937

McGaw Institute									22	7	7	7	43
Totals	31	18	30	24	31	16	18	18	22	7	7	7	229

At the beginning of the school year there was one change in the teaching staff in the primary grades at Reed's Ferry, Bernice Bookstrom, a graduate of Keene Normal School being selected to fill the vacancy caused by the resignation of Martha Lord.

Attention is called to the small enrollment at No. 7 and at Reed's Ferry. Unless more children move into these districts before next September, some adjustment will have to be made.

Intelligence tests have been given in all of the schools and an effort is being made to adjust the work to the need and ability of the individual child.

The school program at McGaw was interrupted by the fire on November 12. The major portion of the damage was in the laboratory and the cooking room, and so the program was only interrupted for one day. The damage was estimated at \$1189, and was fully covered by insurance.

As a result of the fire the laboratory and main room down stairs have been improved and refinished, new modern lighting equipment has been installed throughout the building, the cooking room has been nearly doubled in size and completely refinished with celotex ceiling and wall, and

new floor, and two small rooms not previously used are being made available for the girls for practice in decorating, after which one will be utilized as a dining room for the use of the cooking classes and the other a general utility, fitting and storage room for the classes in sewing.

ROLL OF PERFECT ATTENDANCE

Respectfully submitted,

FRED W. HALL,

Superintendent.

REPORT OF HEADMASTER OF MAGAW NORMAL INSTITUTE

In June 1936 there were seven pupils graduated, of whom three are now in college, one in Junior college and one in Dunwoodie Institute, in Minneapolis.

When school opened there were twenty-two members in the entering class, eight in the Sophomore class, nine in the Junior class, and seven in the Senior class. Since then one Sophomore and two Juniors have left school. Since my last report two pupils have left town and there were seven who failed to return when school reopened, making the present enrollment 43.

There are at present nine graduates of the school who are attending colleges and one who is at Keene. The colleges represented in this group are the University of New Hampshire, University of Vermont, Norwich University, and Vermont Junior College.

Early in the year the headmaster received a letter from the Dean at the University of New Hampshire saying that because of the quality of the work being done there by its graduates the school had been placed on the honor roll. Also the school is now eligible to be listed with the New England College Board as soon as a graduate attends a college on their list.

During the fall term the play "Thirteen Plus" was given under the auspices of the Ladies Aid Society.

On November 12th fire broke out in the kitchen of the Home Economic department and was discovered by the headmaster at about 6:15 a. m. Quick and efficient work by the fire department prevented the fire from spreading and confined the damage to a relatively small area. Some smoke and water damage resulted. Repairs were begun immediately and although the school was closed the following day, which was Friday, it reopened as usual on the following Monday. New wiring and lights were installed throughout the school part of the building and the work of remodelling the kitchen is nearly completed. It has been rather difficult to carry on the school while the repairs were being made, but we have tried to make the best of it.

Plans are being made to present the annual Senior play in April.

The Home Arts Club is being continued this year under the direction of Miss Cross, and the school paper, the "McGaw Buzzer," is being published under the supervision of Miss Wood. From funds realized from the sale of the paper a new mimeograph machine has been purchased.

Respectfully submitted,

RICHARD P. HODSDON,

Headmaster.
